Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$3,750,000 for the Prototype Integration Facility Enterprise Resource Planning in fiscal year 2010. The entity to receive funding for this project is Strata-G Solutions, located at 4906 Research Drive Huntsville, AL 35805. The funding would be used for the Prototype Integration Facility provides rapid response hardware and technology in an acquisition streamlined environment. The PIF requires an Enterprise Resource Planning (ERP) system to increase productivity and reduce costs. Taxpayer Justification: The U.S. Army Prototype Integration Facility (PIF) is vital to the Army's overall Rapid Response Enterprise Solution in support of GWOT. The PIF ERP system will improve the operational effectiveness of our warfighters by the rapid turnaround of prototypes to meet the immediate demands of commanders and warfighters currently engaged in hostile environments.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
